3 INDONESIA EMPOWERS YOUNG ENTREPRENEURS

3 Indonesia's Festival #Ambisiku (Ambition Festival) has been blazing a path across Indonesia, igniting entrepreneurship in young Indonesians. Some projects present the work of young online entrepreneurs through workshops and talk shows while others allow aspiring young business people to present their creative ideas to be realised in partnership with 3 Indonesia. Rise up, young entrepreneurs!

PIZZA FOR THE PEOPLE!

Vietnamobile launched a unique telecoms package with offers on voice, SMS, data, OTT and other services through a Pizza SIM. Just like a DIY pizza, you can pick your telecoms toppings, giving young Vietnamese consumers the choice they crave!

REALLY REALITY ROAMING

Reality TV star Joey Essex launched 3 UK's expansion of their free roaming services to an astonishing 42 countries where 3 UK customers can use their homeland telecoms allotment under the *Feel at Home* programme.

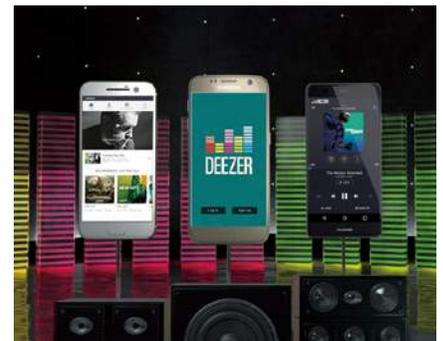

An Italian giant is born

3 Italia and WIND have merged their operations into a telecoms powerhouse in Italy serving over 31 million mobile customers and 2.7 million fixed line customers. Canning Fok, CK Hutchison Group Co-Managing Director, hailed the merger as a "major milestone in the development of Italy's digital economy" that would bring "benefits to businesses and consumers across Italy – through greater reliability, coverage and speed".

Jean-Yves Charlier, Chief Executive Officer of VimpelCom, emphasised the merged entities' potential "to build a world-class 4G/LTE network in Italy" to deliver benefits including improved "call quality and strengthened data services as soon as 2017". From a business perspective, Mr Charlier says, "The new company looks forward to delivering on the EUR700 million run-rate of annualised Opex and Capex synergies that the transaction will bring."

3 IRELAND IS RÍ-ALLY THE KING

3 Ireland carries more data on its network than all the competition combined – over 1,747 terabytes a week! That's a 77 per cent increase from 2015 and equivalent to four million songs streamed every hour. That means 3 Ireland can handle the huge demand arising from their new partnership with Deezer, which gives customers access to the world's leading on-demand music streaming service and its over 40 million songs.

First steam at Edam West

On the ground at the Edam West Thermal Project, first steam saw the Saskatchewan project follow the Edam East and Vawn thermal developments in driving Husky Energy's high-tech and low-cost approach to producing heavy oil. Full steam ahead!

HAPPY HUSKY ON THE MOVE

Husky Energy employees in Calgary took part in a cross-Canadian event, the Big Bike Challenge, raising funds for the Heart and Stroke Foundation. Company mascot Happy the Husky joined colleagues on a 30-person bicycle to support heart and stroke research, education and prevention.

MADURA STRAIT ON TRACK

Around the world, Husky Energy's Madura Strait project saw the Indonesian operations hit important milestones. The infrastructure for the liquid-rich BD field is approximately 90 per cent complete and on schedule to start up production next year. Gross production is estimated at 100 million cubic feet per day of gas and 6,000 barrels per day of associated liquids.

LEADING THE WORLD

The horizon is the meeting point of sea and sky — and people, partners, experience and expertise that make Hutchison Ports 'The World's Leading Port Network'. The company's rebrand uses the horizon as the focal point of its logo and its value framework "UNITY" — 'Unrivalled Standards', 'Network Strength', 'Informed Decisions', 'Trusted and Honest', and 'Your Partners'.

PORTS GO GREEN REDUX

Hutchison Ports again took part alongside industry counterparts around the world to put on community events focusing on themes of reuse and recycling, climate change and the community in Go Green 2016. Activities included numerous tree plantings and beach cleanings as well as environmental workshops for students.

And Yantian International Container Terminals became the first port in Mainland China to use 'cold-ironing' shoreside power supply units, part of a USD38.8 million investment to reduce shoreside emissions. Way to get your green on, Hutchison Ports!

GOOD FOR BUSINESS, GOOD FOR THE PLANET

Hutchison Ports broke new ground on the building of the Stockholm Norvik Port and the Norvik Logistics and Business Park. Its expected opening in 2019/2020 "will deliver economic and environmental benefits for trade serving the Stockholm region," according to Clemence Cheng, Managing Director, Europe Division, Hutchison Ports.

RETAIL

CORPORATE

CROSS-GENERATION ADVENTURE

CKHH's volunteer team visited Yan Oi Tong to work with teenagers to help them develop empathy and respect for the elderly through activities aimed at understanding the daily challenges faced by senior citizens. Exercises saw them experience physical disabilities such as trying to cope with impaired eyesight and decreased manual dexterity. Another day was spent in fellowship with senior citizens in a local holiday camp developing sensitivity and relationships between senior and younger Hong Kongers.

AWARDS

CK Hutchison companies strive to excel – and the world notices!

CK HUTCHISON WINS ON GOVERNANCE

CKHH won the “HKCCA Award Hong Kong In-House Team of the Year” from the Hong Kong Corporate Counsel Association, presented at The Macallan Asian Legal Business Hong Kong Law Awards 2016. The Group also nailed both “Best Company in Hong Kong” and “Best Company in Asia (Conglomerate)” at the Finance Asia Platinum Awards.

There's more! CK Hutchison won the “Judges' Special Award” at the Hong Kong Management Association Best Annual Reports Awards. In particular, the Group's efforts to “streamline and highlight the changes between last year and this year's annual report” in the wake of the Group's reorganisation were commended. More recognition came for the 2015 Annual Report at the 2016 Galaxy Awards, where CKHH outshone the stars with the highest score.

3 WOWS THE WORLD!

Telecoms toppers from Austria to Indonesia!

3 Austria is the national “Service Champion” according to ServiceValue, Goethe University, and Austrian customers surveyed. It was also rated as having the best download and upload connections of any Austrian 4G network by *Smartphone* magazine.

3 Ireland won two CSR Awards for “Excellence in CSR Communications” (raising awareness of homelessness with Focus Ireland and the national Irish Rugby Team) and “Excellence in Community – Partnership with Charity” (working with An Cosán Virtual Community College to eliminate poverty through mobile and online technology).

3 Hong Kong’s “Making Better” marketing campaign brought home a merit award in the HKMA/ TVB Awards for Marketing Excellence 2016 organised by the Hong Kong Management Association and Television Broadcasts Limited.

Hutch Sri Lanka won an “Effie Award” in the Internet and Telecom category for advertising excellence for its “Always Internet” campaign. That work no doubt lent to it being rated sixteenth among the “Most Connected Brands” by *LMD*, a respected business magazine and TNS, a global research agency.

Hutchison Telecom Hong Kong Holdings (HTHKH) won 14 Stevie Awards for excellence in business between its divisions HGC and 3 Hong Kong for its accomplishments in mobile and fixed line business operations.

3 UK won “Best Pay Monthly Network” and “Best for Roaming” at the uSwitch Mobile Awards and then took home the “Best Customer Service – Network” at the Mobile News Awards 2016.

YICT AWARD

Yantian International Container Terminals (YICT) won the prestigious “Ports and Terminals Award” at the Seatrade Maritime Awards Asia 2016 for, in particular, its emission reduction efforts.

THE HEALTHY EMPLOYER – EVERSOLT RAIL

Britain’s Healthiest Workplace recently announced that Eversholt Rail was the winner of “Britain’s Healthiest Employer” in the small company category for 2016. This award testifies to the strength of the company’s culture, which encourages social interaction and empowers staff to foster a culture of well-being, celebrating the drive for a healthier, happier workforce. Health is wealth, literally!

RESPONSIBLE BUSINESS IS GOOD BUSINESS!

Wales & West Utilities, the gas distribution network for Wales and the south-west of England in Great Britain, recently won a “Responsible Large Business of the Year Award” from Business in the Community after demonstrating how following its core values impacts on its business outcomes and the local community.

WINNING SMILES

ASW in Hong Kong saw their WeSmile App win the “Best Use of Digital – Silver” in the PR Awards 2016 and an “Excellence In CSR Strategy – Gold” in the HR Innovation Awards 2016. More importantly, it put smiles on the faces of Hong Kongers with its facial recognition AI and automatic connection to Facebook. It’s no surprise that Watsons won the “HKMA Quality Award 2016 Certificate of Excellence” for delivering a world-class customer experience online and in store.

INFRASTRUCTURE

FEELING FRISKY FOR GAS

Australia's newest gas expert is a frisky star named Zanda and has a growing social media following. Zanda is a Canberran but also a cat, an 'absolute star' ruling the hearts and televisions of South Australians. The feline, stage name 'Frisky', represents a demanding consumer in a new series of ads showing how Australian Gas Networks has its clients' interests at heart.

LONDON'S ELECTRIC BUSES GET THE GREEN LIGHT

Deputy Mayor of London (Transport), Val Shawcross unveiled the first nine of a fleet of 51 single-decker buses that run on electricity. With the help of UK Power Networks and their contribution to this high-tech, low-carbon joint project, Londoners will enjoy a boost in air quality by not breathing in 700 tons of harmful carbon emissions that traditional buses would have emitted. This innovative project also allows UK Power Networks to further explore electric vehicles' impact on electricity networks, and their role in contributing to the UK's aim of reducing carbon emission.

Gassing up Lamma Island

Hong Kong's government gave the green light to HK Electric to build a new gas-fired generating unit, scheduled for commissioning in 2022. This will reduce the use of coal and mean cleaner air for Hong Kong and the surrounding region.

PARK'N FLY'N FEED

Park'N Fly has opened its doors for business in Winnipeg, taking extra special care of its customers in the harsh Canadian winter with its Valet Indoor Parking service. Manitobans drop their cars off in the Park'N Fly climate-controlled facility and then get a lift to the airport, saving them from a chilly walk in the snow.

SEEN IN THE STREETS!

Wales & West Gas Networks is looking their best with a new livery for their fleet of vans seen daily in their territory covering Wales and south-west England.

LEEDS LEADS BRITAIN'S HYDROGEN FUTURE

Northern Gas Networks has produced a visionary plan to convert Britain's main source of heating from natural gas (methane) to hydrogen gas. The H21 Leeds *City Gate* report recommends converting households and industry across the UK to hydrogen starting in Leeds as early as 2026. This low-carbon option would reduce CO₂ emissions from heat by a minimum of 73 per cent overall with the potential to support the UK's decarbonisation objectives for transportation and electrical generation.

OTHERS

USE A TREE, PLANT A TREE

TOM Group loves books and shared that love with the children of SKH St Christopher's Home's Heart Link Centre. St Christopher's Home provides a small group home service for children who cannot receive adequate family care. TOM Group organised book donations and readings in addition to organising a tree-planting workshop to help the children connect to nature. At the end of the workshop, each child received a book on environmental stewardship to deepen their understanding of living an environmentally friendly life.

NEW LABS, NEW LIBRARY, NEW OPPORTUNITIES

Shanghai Hutchison Pharmaceuticals (SHPL) opened its new research and production base in the Fengpu District of Shanghai, marking another milestone in its development. The SHPL team then headed north to Huanren County in Benxi, Liaoning, to establish another library, this time at YaHe Primary School, bringing knowledge, hope and dreams to the children there.
